

Discipleship Tutorial Course Worksheet

GENERAL HIGH-SCHOOL CREDIT REQUIREMENTS

Check with your umbrella school for the requirements specific to your situation.

Math: 4 Credits - Including Algebra I, II, Geometry and a fourth higher-level math course like Pre-Calculus or Consumer Math (Students must be enrolled in a mathematics course each school year).

Social Studies: 3 Credits - including U.S. History, World History or 20th Century History, Government (½ credit) and Economics (½ credit)

Science: 3 Credits - All science classes at DT include labs. Options include Biology, Chemistry, Physics, Marine Biology and Anatomy & Physiology

Fine Arts: 1 Credit (not required at all umbrella schools) - Choir, Musical Theater, Set Design, Graphic Design, Art

English: 4 Credits - We recommend Foundations of English for English I and then any Lit class or HS Writing can satisfy English II, III or IV. HS Writing is designed to be able to be taken alongside any Lit class.

Physical Education And Wellness: 1.5 Credits - We offer Health, Emotional Health, and Self Defense (P.E., female only). There is a Karate class that is offered separate from Discipleship Tutorial at 4:30 on Tuesday.

Foreign Language: 2 Credits - Spanish or Italian is offered

Personal Finance: 0.5 Credits

Electives: We also have a wide variety of offerings in the visual and performing arts, technology, business, test prep, and more.

NOTE: *Please* consult with your umbrella school for their requirements, as they may differ from the State's. Use the below worksheets to plan out your classes for students. Indicate any courses from 8th grade you will be counting towards your child's high school graduation requirements, then fill out the course request form on the next page.

Middle School and Junior High Worksheet

Freshman	Sophomore	Junior	Senior

Discipleship Tutorial Recommended Course Progression 5th-6th Grade

5th Grade

Course:	Math	English	Science	Elective
Recommended Track	5th/6th Grade Math	Middle School Lit Middle School Writing	MS Science B*	Choir/Musical Theater English/Writing Tutoring^ Geography Graphic Design A* Intro Culinary Arts JR Art C* JR Study Skills Set Design Science and Math Tutoring^

6th Grade

Course:	Math	English	Science	Elective
Recommended Track:	6th/7th Grade Math	Middle School Lit Middle School Writing	Middle School Science B*	BizTown Choir/Musical Theater English/Writing Tutoring^ Geography Graphic Design A* Intro Culinary Arts JR Art C* JR Study Skills Programming I Set Design Science and Math Tutoring^
Alternate:	5th/6th Grade Math			

* Classes that are offered in rotation. MS and JR Lit, MS Science, Graphic Design, and JR Art are on a two-year cycle, so students can take the same class multiple years and have different material covered each year.

() Classes are not offered this year, but will be offered next year.

^Tutoring classes are available at a reduced rate with either a full-year tuition or drop-in rate for students who want help working on assignments.

ENGLISH: Middle School Lit and Middle School Writing can be taken together to more fully cover the topics, though they are designed to be complete English courses if taken separately.

Discipleship Tutorial Recommended Course Progression 7th-8th Grade

7th Grade

* Classes that are offered in rotation. MS and JR Lit, MS Science, Graphic Design, and JR Art are on a two-year cycle, so students can take the same class multiple years and have different material covered each year.

() Classes are not offered this year, but will be offered next year.

^Tutoring classes are available at a reduced rate with either a full-year tuition or drop-in rate for students who want help working on assignments.

ENGLISH: Jr High Lit and Jr High Writing correlate to cover the same books, so students are strongly encouraged to take both classes in the same year to build a strong understanding of literary analysis and writing techniques, especially in preparation for high school. However, students can take either class alone to satisfy an English credit, Lit classes in this case will assign 4 papers throughout the year that have basic assessments and Writing will have students read and evaluate books at home.

Discipleship Tutorial Recommended Course Progression 9th-10th Grade

9th Grade

Course:	Math	English	Science	Social Study	Language	Elective
Recommended Track	Algebra I	Foundations of English	Biology	World History	Spanish I Italian I	Business Skills Choir / Mus Theater Eng/Writing Tutoring^ Graphic Design A* Health/Emot Health High School Art C* Intro Culinary Arts Intro to Psychology Pastry & Baking Personal Finance Programming I / II Science/Math Tutoring^ Speech HS Study Skills

* Classes that are offered in rotation. British Lit will rotate with World Lit. Christian Lit will rotate with Bible as Lit. Italian I and II rotate. Graphic Design classes rotate between A and B. Art classes rotate between A, B and C.

() Classes are not offered this year, but will be offered next year in rotation.

^Tutoring classes are available at a reduced rate with either a full-year tuition or drop-in rate for students who want help working on assignments.

*** Only available as an online course. ACT is offered in-person in the Fall, and online either Fall or Spring. UniversityReady is a high-school online guidance-counseling program.

ENGLISH: We require Foundations of English for 9th grade English I or a Lit combined with writing. We also recommend that American Lit and US History both be taken in the same year. High School Writing is recommended to be taken alongside a Lit class to more heavily work on teaching writing skills for the books in that class. Beyond that, American, British, World, Business, Christian, and Bible Lit can be taken in any sequence and serve as English II, III or IV. Dual Enrollment English can serve as English III or IV.

MATH: Algebra 2 and Geometry can be taken in either order. Consumer Math is designed as a 4th level higher-math for students who don't want to take Pre-Calculus.

Discipleship Tutorial Recommended Course Progression 11th-12th Grade

11th Grade

Course:	Math	English	Science	Social Study	Language	Elective
